

HIGH POTENTIAL & GIFTED EDUCATION

High potential and gifted education (HPGE) recognises students who demonstrate advanced ability or the capacity to achieve at higher levels than their peers. **High potential** refers to students whose strengths may not yet be fully developed, while **gifted education** focuses on nurturing those abilities through appropriate challenge, enrichment and extension so talents can flourish over time.

At Corpus Christi, **HPGE students** are supported and extended across all areas of school life. A range of school-wide assessment platforms are used to collect and analyse data, ensuring a clear understanding of each student's progress and enabling targeted, responsive teaching that promotes deep learning and mastery.

Within classrooms, extension is provided through higher-order questioning, complex problem-solving tasks and opportunities to make meaningful connections across subject areas. Students are challenged to think critically and apply their understanding in new contexts. As mastery of current syllabus outcomes is demonstrated, scaffolding is gradually reduced and learning may extend to outcomes from the next stage to ensure continued growth and challenge.

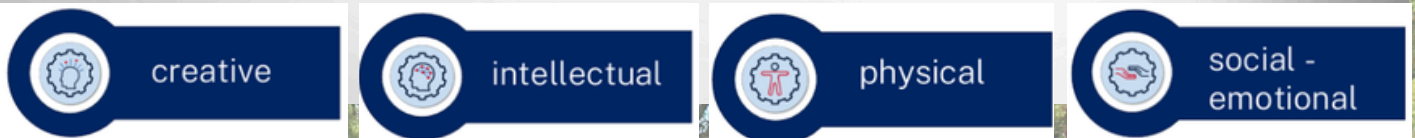

HIGH POTENTIAL & GIFTED EDUCATION

HPGE CURRICULUM AT CORPUS

At Corpus Christi, we prioritise meeting the diverse learning needs of our students through rich, targeted opportunities for high potential and gifted learners. Our ASPIRE (*Achieving Specific Personal Inspiration with Real Enrichment*) and SPARK (*Supporting Potential Among Remarkable Kids*) programs provide meaningful enrichment and extension across all Key Learning Areas, supported by expert educators and specialist mentors. Through initiatives such as *Genius Hour*, small group workshops and personalised learning plans, we nurture students' strengths, interests and talents to help them thrive.

FOUR DOMAINS OF POTENTIAL

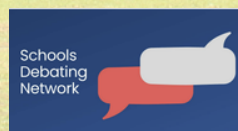

ENRICHMENT OPPORTUNITIES

- ISDA Debating and SDN Debating
- Maths Olympiad, TTRS Math Competition
- da Vinci Decathlon
- SPARK Enrichment Program
- ASPIRE
- Chess
- ICAS Competitions
- G.A.T.E.WAYS Program
- Write a Book in a Day, Book in a Bag
- Enrichment groups
- Maths Masterclasses
- STEM Immersion classes
- Art Enrichment classes
- Lunch clubs
- Genius Hour
- Night of the Notables

MATHS OLYMPIAD

SYDNEY ACADEMY OF CHESS
